Front-End Developer

About me

Results-driven Angular Developer with 4+ years of experience in developing and maintaining scalable web applications. Proficient in Angular, RxJS, NgRx, and modern front-end technologies. I have experience with back end development with Node.js and Sequelize, allowing seamless collaboration between front-end and back-end systems. Passionate about writing clean, maintainable code and implementing best practices to enhance application performance and user experience.

Work experience

Front-End Developer · Bend Technologies
April 2022 - Present · 2 years 11 months

- Developed and maintained dynamic web applications using Angular and RxJS to ensure high performance and responsiveness.
- Integrated RESTful APIs and worked closely with back-end developers to optimize data handling.
- Implemented state management using NgRx, improving application efficiency and maintainability.
- Conducted code reviews, participated in Agile sprints.
- Worked with CI/CD pipelines to automate deployments and streamline development processes.
- Optimized application

Skills: Tailwind, Testing, Continuous Delivery, Continuous Integration, Docker, Angular, Ngrx, Rxjs

Full-Stack Developer · ITWays
January 2021 - March 2022 · 1 year 2 months

- Developed and maintained full-stack web applications using Angular, TypeScript, and Flask.
- Designed and implemented RESTful APIs with Flask, ensuring seamless communication between front-end and back-end services.
- Integrated SQLAlchemy and PostgreSQL for efficient data management and optimized database queries.
- Worked with RxJS and NgRx to manage state and handle asynchronous operations in Angular applications.
- Implemented user authentication and authorization using JWT

for secure access control.
Skills: Rxjs, Angular, Full Stack Development, Front end

Desired industry

- IT, Tech

Education: Higher

Universitatea de Stat „Alecu Russo" din Bălți
Graduated in: 2022
